主要成分

- 1、深层调理，美毛增色。本品中的大量不饱和脂肪酸，其主要成分为DHA和EPA，可以减少脱毛，使毛发柔顺有光泽。
- 2、亮黑鼻头，锁住色素。海洋生物提取物可以促进皮肤细胞新陈代谢，延缓细胞老化，帮助色素沉积，有效保持鼻头的黑色。
- 3、保护皮肤健康，促进新毛发生长。复合的营养成分，可以激活毛囊组织，修复受损的细胞层，防止毛发脱落，改善皮肤过敏瘙痒，促进毛发新生。

包装规格

260g/瓶

Functions

1. Deep conditioning, shiny fur.
This product has a large number of unsaturated fatty acids, the main component of which is DHA and EPA, which can reduce hair removal and make hair soft and shiny.
2. Shine black nose, lock the pigment.
Marine biological extracts can promote the metabolism of skin cells, delay cell aging, help pigment deposition, and effectively keep the nose black.
3. Protect skin health and promote new hair growth.
The compound nutrients can activate the hair follicle tissue, repair damaged cell layers, prevent hair loss, improve skin allergies and itching, and promote hair rejuvenation.
